Full Implementation

School as Hub for Birth – Grade 3
What would be different if we applied all six big ideas?
School as Hub for Birth through Grade 3

- Home Visiting (Ages 0-3)
- Preschool (Ages 3-4)
- PreK - Grade 3 (Ages 3-9)

SCHOOL AS HUB

Family Support and Engagement
Superintendents’ Early Childhood Plan
Full Implementation Sites

Birth – Grade 3

Not a one-size-fits-all approach

Common commitments and components across school sites
Birth – Age 3
Home Visiting

3 visits per month

Parent-child groups

2-generation focus
Transition to Preschool

School and community preschool

Family facilitator

Parenting supports, parent-child groups
Aligned PreK-3rd Teaching and Learning

Developmentally-informed and rigorous active learning

Gap-closing practices

PD and job embedded coaching
Family & Community Partnerships

Learning relationships

School as connector not the expert

Community in school and school in community
Themes of the day

• **Start early** – embrace a collective sense of responsibility for children starting at birth

• **Build predictable pathways and transitions** from birth - 3, into preschool, and through K – 3rd and beyond
• Promote high quality at each step along the birth – grade 3 pathway

• Partner with children’s families, leveraging schools as a site for 2-generation parenting supports

• Join with the community to bring the community into the school and to take the school into the community
